

FUJIFILM DATA TAPE PRO CASE

■ INTRODUCING

The DATA TAPE COURIER PROFESSIONAL CASE, a new media container made of industrial-strength, lightweight, high-density polyethylene. The case features heavy-duty lockable compression clasps and soft interior contact points that create a durable seal. It can be used to transport data cartridges from one location to another or to off-site storage, in fulfillment of your company's commercial, proprietary and regulatory requirements. The DATA TAPE COURIER PROFESSIONAL CASE is certified and approved by FUJIFILM to protect LTO cartridges and enterprise cartridges.

- Rubberized Exterior
- Removable media tray
- Oversized bumper guards
- Heavy duty compression locks
- Water resistant gasket seal
- Used extensively by the best off-site media vaults

Outperforms the rest!

THE FUJIFILM DATA TAPE COURIER PRO CASE

REMOVABLE MULTIMEDIA TRAY SYSTEM

Data Tape Courier Pro cases include a removable tray system that can accommodate multiple media formats.

LOCKABLE COMPRESSION CLIPS

Data Tape Courier Pro cases include heavy-duty lockable compression clips that create a tough and reliable seal.
